Five Day Rule for Clearing Absence

In order for the District to determine the reason for a student absence, it is necessary for parents/guardians to contact the school site attendance office and clear the student absence. The parent/guardian should contact the school the day the student returns, and must contact the site within five days of the student's return to school following the student's absence. The parent/guardian must provide the site with a reason for the student's absence.

If the parent/guardian does not contact the school site to clear an absence within five days of the student's return to school, the absence will remain "un-cleared". An un-cleared absence is not considered an excused absence under education code section 48205. Therefore, un-cleared absences will be considered unexcused and could lead to a student receiving a Notification of Truancy letter in accordance with education code section 48260.5.
