

**Nelson
Elementary
BLOCK N Award**

**Handbook
2022-2023**

PHILISOPHICAL STATEMENT

The school plays an important role in preparing children to lead successful and happy lives. This entails much more than merely teaching skills and imparting knowledge. The school must also provide a wide range of experiences for children and a framework within which their attitudes toward themselves and their environment can take shape. The school is an environment where children should assume a variety of roles and engage in diverse experiences in order to explore and develop the many facets of their unique personalities and talents. There is strong evidence to suggest that a child that has experienced and participated in a myriad of school activities will be more apt to develop poise, self-confidence, and well-roundedness which are essential ingredients in exercising freedom of choice and decision-making as an adult.

The **BLOCK “N” AWARD** has four functions. First, it is a vehicle to motivate students to become active participants in the activities of their school. Second, it is a blueprint for parents and teachers to use in planning, encouraging and setting goals with children regarding their involvement in school activities and programs. Third, it is a means of defining and affirming responsible, well-rounded individuals. Fourth, it is a significant form of recognition for students who have met the criteria for this award.

Planning and commitment are the key factors in earning this award, not necessarily ability and talent. This handbook outlines the criteria for achieving **Block “N.”** We hope that it will be useful to parents, teachers, and students working together in pursuit of a worthwhile goal.

OVERVIEW

The Block N Award is the highest award a student may earn at Nelson Elementary. The **Block “N”** is available to 4th, 5th, and 6th grade students. It is awarded at the end of each semester at our Block “N” Awards Program.

The criterion for earning this award reflects a broad base of participation, achievement, and service. In order to earn the Block "N," a student must complete a minimum of one item in each of the following categories:

Mind, Body, & Spirit

Points criteria are specified on the Block N Application.

The purpose of this award is to recognize those well-rounded individuals, who exemplify the qualities that Nelson hopes to foster in all of its students, namely: (1) the desire for self-improvement; (2) dedication and commitment in reaching for goals; (3) concern for and service to others; and (4) the willingness to be a positive role model to others.

A must be an active and enthusiastic participant in the activities of the school, engage in the pursuit of excellence, and meet certain standards of achievement and performance. Individuals earning this prestigious award receive the **Block “N”** plaque presented at a special program in their honor. The Block N Award Program has a positive impact on both individual students and the total school program in the Clovis Unified School District in the following ways:

- Many students who had been reluctant to participate or try new activities have now become much more active and involved.
- The quality of student participation has improved as students have taken the responsibilities and commitment of their involvement more seriously.
- It has provided parents and teachers with a means to identify students who either were too heavily involved in school activities or not involved enough resulting in the ability to offer appropriate guidance.
- Parents, teachers, and students have begun to view the "school-life" of a student as a total picture, not isolated bits and pieces.
- Students are acknowledged for serving as role models who demonstrate exemplary leadership and character on a daily basis.

It is our hope that all students will actively pursue this award, making it a part of their planning for their total school experience. Whether or not the student actually receives the award, striving for it will hopefully enrich and enhance his/her educational foundation.

In the sections that follow, specific guidelines and requirements governing how items are earned in each category are discussed. We encourage students, parents, and teachers to work as partners with students in planning and setting goals.

We appreciate the input, participation, and support of the Nelson Community as we work to make the concept of this award a meaningful to students at Nelson Elementary. Block N students represent the best Nelson has to offer in Mind, Body, & Spirit!

CODE OF PARTICIPATION

"Be the best you can be in MIND, BODY, and SPIRIT"

The Nelson Co-Curricular program is an integral part of our total school program. It is an opportunity to allow all students to acquire the skills, knowledge, and attitudes that lead to maximum development within their individual capabilities. It also affords the child an opportunity to develop social skills needed in order to be a well-adjusted individual. When students elect to participate in a co-curricular program (i.e., chorus, sports, etc.), they must recognize that they have assumed certain responsibilities and obligations to the coach/advisor, to the members of the activity, and certainly to themselves.

Nelson Elementary will maintain a "no cut" policy for all athletic teams. We encourage each and every child who has a desire to be part of a team while giving each individual the maximum amount of playing time possible.

Upon entering any sport or other co-curricular activity, students agree to participate in accordance with the Code of Participation. The code is enforced commencing with the second week of practice.

Updated 8/18/2022

- Students are required to attend practice/rehearsal as established for the activity. Absences or tardies may be excused as with classroom attendance. The participant has the obligation to clear these with the teacher or coach.
- Students joining a sport or other co-curricular activity will be given one-week grace period to determine whether they wish to continue with the activity throughout the entire season. The student and/or athlete will not arbitrarily or unilaterally "quit" a sport, activity, band, chorus, etc. After the grace period, the student may drop the activity only after consultation between the student, parent, coach or advisor and principal.
- Students are expected to respect and properly care for all property and/or equipment issued in conjunction with the activity. Team uniforms are the property of the school. Students who negligently lose or cause undue damage to a uniform will be charged for its replacement.
- Students will maintain and demonstrate satisfactory behavior and citizenship.

CODE OF ETHICS

1. The student will be respectful of his/her teammates, opponents, and all supervising adults.
2. The student will contribute as well as encourage others to contribute in their efforts towards team success.
3. The student should inspire competitiveness in teammates without personal antagonism toward the opposing team.
